Custom Solution Blinds is the première destination for the very best in stylish window blinds. Recognized as a leading supplier of innovative and high quality shades, Custom Solution Blinds is proud to design and manufacture in all over the Australia.

Through our trusted and reliable service, together with our commitment to ongoing product development, we continue to grow.

Custom Solution Blinds window blinds add a touch of style to your home. Vibrant colourways, designer prints, stylish metallics and sheers and on trend textures make up a simply stunning collection to choose from when creating your interior design scheme.

Our Many fabrics are treated with high performance coatings to help you feel more comfortable in your home. Innovative new fabric treatment Pollergen<sup>TM</sup> helps reduce hayfever symptoms and has Allergy

Australia's seal of approval, Ultra-fresh is an antibacterial treatment. fabrics have superior light reflecting qualities and reduce glare and ESP<sup>®</sup> fabrics are blackout.

Take your time to browse through this brochure of inspirational window shading for the modern home - there's something for everyone.

# ROLLER Collection

Roller blinds are ideal window shades for any room in the home. The Custom Solution Blinds collection offers you the perfect range of fabrics to choose from, with high end lustres for living rooms, stylish blackouts for bedrooms and moisture resistant prints for bathrooms and kitchens. Roller blinds can be operated manually, or you have the option to motorize them.

You can also add finishing touches to complete the look; metallic and colored headrail cassettes and bottom bars create a feature by coordinating or contrasting with your chosen fabric.

Decorative scallops, braids, pulls and poles give you another way of personalizing your blind. Refer to the back of this brochure for further details.

**"Choose textured blind fabrics to add soft texture, and create a luxe vibe in your home."**

Our roller blinds don't  
fray. We crush and  
ultrasonic cut our  
fabrics, meaning they  
last longer.

# Style With Roller

A contemporary home isn't complete without a designer focal point at the window and impressive new technology.

Whether you choose a clean and simple plain fabric, statement print or an up to the minute glow in the dark option for your home, your roller blinds can be enhanced by being operated at the touch of a button with One Touch motorization at your finger tips.

Of course quality is key, so Our roller fabrics are made in the Australia where all parts of the manufacturing process are monitored and controlled.

# VERTICAL Collection

Vertical blinds offer the ultimate in shading flexibility and privacy along with modern clean lines and stunning fabrics.

Our made to measure Vertical blinds can be drawn neatly to the side to offer you unlimited views, or the louvres can be rotated to allow just the right amount of light into the room to maintain an element of privacy. They are an ideal option for wide windows as well as narrower ones. You can now motorize your vertical blinds making them completely child safe and easy to use.

There are fabrics within our range to suit every room, color scheme and shading requirement, whether it be a light filtering, dimout or blackout fabric.

The contemporary new vertical blind fabric collection has been designed to allow you to add your own style and personality to your blind, by mixing and matching patterned, plain and textured fabrics, to create a statement feature blind.

Ask your local blind supplier for the vertical fabric range.

# ROMAN Collection

The Custom Solution Blinds roman blind is a luxurious window dressing that will transform any interior design scheme, combining luxurious styling with contemporary clean lines and modern operation. Our stunning and diverse collection of fabrics allows you to create any type of mood or look, helping to make Roman blinds a perfect choice for your home.

More streamlined in design than a traditional soft cloth roman, our system offers a sleek alternative and the ability to operate the blind with either a chain or with motorization.

Motorized Roman blinds are an innovative solution for the home, offering complete shading flexibility and privacy at the touch of a button. You can also operate your blinds straight from a phone or tablet, or using voice activation with Amazon Alexa or Google Home.

## PICTURE PERFECT roman blinds

Our impressive roman collection presents a palette of colours to suit all tastes, translucent fabrics to gently filter the sunshine, energy saving fabrics to insulate your home and blackout fabrics to enhance privacy and sleep.

Our window blinds are always designed with safety in mind and there are a number of options for you to choose from, including our child safe operating chains and now One Touch motorised solutions too, making luxury affordable.

As with all of our window blinds you can give your roman blind the perfect finishing touch with one of our colour coordinating cassettes.

# VISION Collection

Vision is an innovative window blind featuring two layers of translucent and opaque horizontal striped fabric that glide past each other providing flexibility in shading and a real statement at your window.

The blind can also be raised and lowered just like a roller blind giving you the option of full privacy or a clear view outside.

Our stunning Vision fabric collection includes a range of textures and tones, subtle metallic shimmers and blackout options too, making these blinds perfect for any room in the home.

You can of course create even more of a feature and bespoke your blind by choosing a coordinating or contrasting headrail cassette and bottom bar.

The contemporary window shade that looks as striking from the outside of the house as it does from inside.

**THREE COLOR  
WOODLOOK**

OPEN | PARTIAL VIEW

CLOSED | PARTIAL VIEW

CLOSED | FULL PRIVACY

OPEN | CONTROLLED VIEW

## Stylish practicality

The Vision blind features two layers of fabric, the back moves independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.

In one continual movement the blind can be raised or fully closed for maximum privacy.

All positions are operate by a single action, either with a manual chain or with motorization.

# VENETIAN Collection

Custom Solution Blinds, an Australian company, specializes in providing Venetian blinds tailored to meet the unique requirements of their customers. Venetian Blinds are versatile window covering solution that offers privacy, light control, and aesthetic appeal.

There Blinds feature horizontal slats that can be adjusted to control the light entering the room. the slats can be tilted at various angles, providing privacy while still allowing natural light to filter through. When fully raised, the blinds stack neatly at the top of the window, maximizing the view and allowing maximum light to enter the room.

With their expertise in window coverings and commitment to customer satisfaction, Custom Solution Blinds is a reliable provider of customized Venetian Blinds in Australia, offering a stylish and practical solution for any home or office.

Aesthetic Venetian Look

## Light Weight

Venetian blinds are generally known for being lightweight. They are constructed using thin slats made of various materials such as aluminum, wood, or mainly PVC.

There slats are designed to be lightweight and easy to maneuver, allowing users to adjust the amount of light and privacy in a room by tilting the slats or rising/lowering the blinds as needed.

The lightweight nature of Venetian blinds makes them popular for both residential and commercial use.

# MOTORIZED your blinds

roller | vertical | roman | vision

Custom Solution Blinds is proud to offer an innovative new range of battery operated and mains powered window blinds. We provide you luxury & affordable blinds with motorization that is accessible to all.

Make an impression with stunning window blinds that can be operated at the touch of a button. Simple, convenient and easy to use, the blinds are operated either by a sleek and unique wand that hangs neatly next to the blind or by a remote control that allows you to operate a number of blinds at a time, depending on your requirements.

The rechargeable battery powered solutions remove the need for mains wiring, making it easy to install. You can also operate your blinds straight from a phone or tablet, or using voice activation with Amazon Alexa or Google Home.

There is no better way to make a contemporary style statement in your home.

AT THE TOUCH OF A BUTTON

## MOTORIZATION Technology

Our motorized blinds can be operated in a number of ways.

Wand operation will operate a single blind and is ideal for children's rooms or bathrooms.

The remote control allows you to operate a number of blinds at the same time, to suit your requirements. Voice activation can be used inside the house and your blinds can be operated outside the home using the free app on your mobile or tablet.

All of Our blinds are of course child safe and motorization is another example of this, giving you complete piece of mind in a chic and sophisticated way.

# CHANNEL Collection

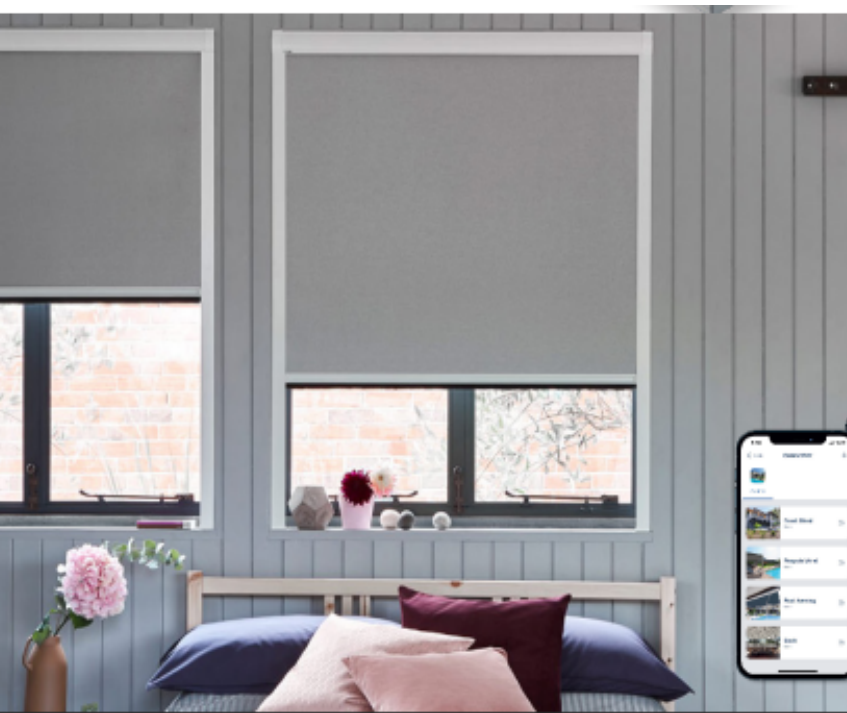

If you have a home cinema room, bedroom or conference facility and want a complete blackout blind, the Cover light system is the perfect solution, especially if you work night shift. Unlike most blinds there are no gaps at the bottom or the sides of the blind. Choose from heavy light blocking or light and translucent, it's up to you.

The fabric is locked into small side tracks to ensure there is no gap, so no wind, light or insects can enter the space. There is a sealed surface between the window and the blind ensuring the area will stay at your desired temperature.

Your aluminium frame and components are readily available in four standard colors or can be powder-coated to any conceivable color to match the decor of your existing area. Also, any Dulux colorbond color is available, please contact us for details

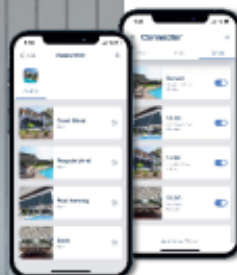

## SMART

Our new Smart Range is a fully automated system, featuring a WiFi bridge, smartphone integration and voice control. Your phone and home automation system connects seamlessly to your WiFi and blinds, giving you control from anywhere with internet access.

## Premium

Backed by an industry leading 10 year warranty, Australians have chosen Dawn to help protect their home for over 25 years. Over 50 colors are available, choose the perfect color for you.

# PANEL Collection

Panel blinds are a modern and chic shading solution for larger windows, bi-fold or patio doors and can also be used as room dividers.

The blinds encompass large panels of fabric which stack neatly behind one another when open, allowing maximum light into the room. To control light, reduce glare and increase privacy, simply slide the panels to the required position.

Available in a wide range of exciting prints and textures, panel blinds will transform the look of any room with their contemporary style and sophisticated appearance.

You can create a real statement by combining patterned and plain, or different colored fabrics to achieve an eye-catching block effect.

You can also choose a side or split draw panel blind to perfectly suit your window's requirements.

# Split draw ROOM DIVIDER

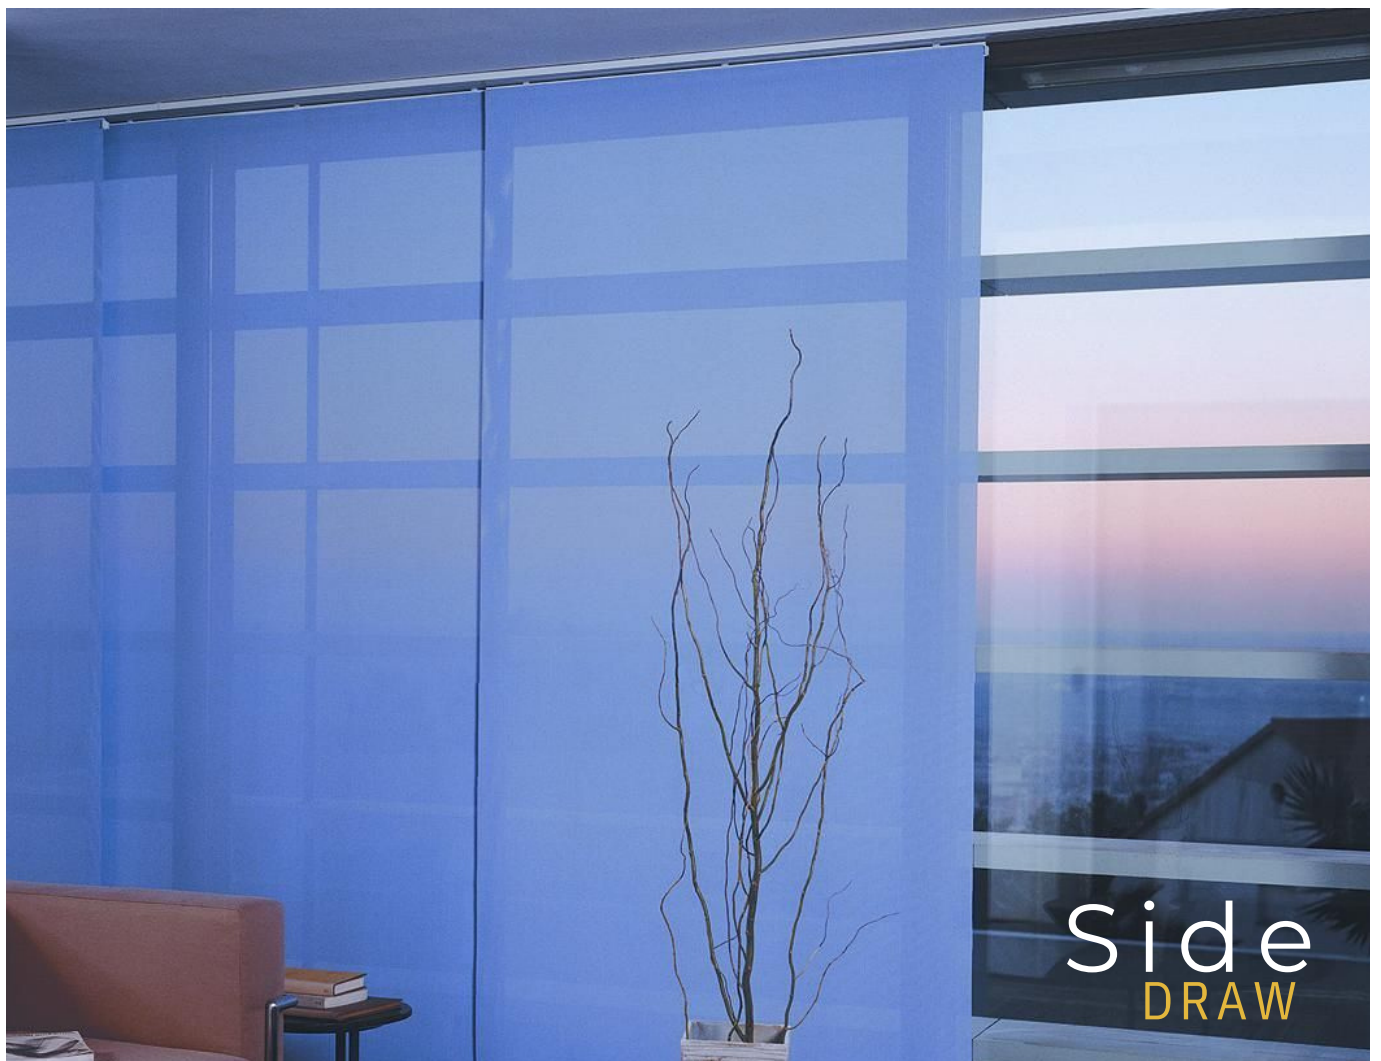

# Creative spaces

A contemporary panel blind is an ideal choice for those who want to make an impact and add something a little different to their interior design scheme. With their flexible nature, they are a fantastic choice for large bi-fold style or patio doors and for smaller windows too.

As well as statement window shades, panel blinds also look stunning as room dividers that can be used to great effect in creating new living spaces within a modern home.

# DRESSING UP Your windows

To really set your window blind apart from the rest, you can personalize it with our wide range of accessories to coordinate or contrast with any of our fabric ranges.

Add style to a roller or roman blind with our contemporary braids, pulls and poles. Select from our elegant range of cylinders, barrels and tassels in a choice of metallic, modern and natural finishes.

Give roller, roman, vision and visage blinds a stylish enhancement with one of our sleek cassettes which are fitted to the top of your blind, discreetly housing the operating mechanism. You can choose from a range of colors and finishes including white, beige, black, anthracite, bronze, chrome and satin and have the option to insert a matching fabric profile too.

Vertical blinds are given the same treatment, with a selection of premium Vogue colored headrails to choose from; Ice White, Brushed Aluminium, Champagne Gold, Piano Black and Espresso Brown. Differing fabrics can be combined to create a more bespoke and striking effect.

Custom Solution blind will surpass your expectations and allow you to create a window shade that is perfect for your home.
